**Today We Are Rich**-Tim Sanders 2011-03-29 Are you just hanging in there? Have life's curveballs thrown you off balance? Do you feel as if your life is going sideways? Bestselling author, leadership coach, and former Yahoo! executive Tim Sanders knows how you feel. His father's unexpected death put him in a downward spiral for fifteen years—what he calls his “sideways years.” In 1996, a photo of a dusty water tower in Texas finally got his attention. That's when he realized he needed to go home to his rock—his grandmother Billye, who had taken him in when he was four and raised him as her own. Rediscovering the lessons she had taught him as a child turned Tim's life around and, in less than four years, catapulted him to financial security and an officer-level role at an S&P 500 company at the center of the Internet revolution. Today, his promise to himself is “I will never forget those lessons. The price is too high.” Join Tim as he rediscovers the classic principles of confident living that some of the most successful and joyful people you know live by.

**The Cross-Border Family Wealth Guide**-Andrew Fisher 2017-01-24 Make sense of international personal finance with expat-specific expert advice The Cross-Border Family Wealth Guide is the long-awaited financial handbook for cross border families, with expert insight from a financial advisor who specializes in expat issues. Whether you're an American living abroad, or foreign-born and living in the U.S., this book demystifies the complex issues surrounding the worldwide tax system, international information reporting, sensible investments, international real estate, and retirement planning. When your wealth crosses international borders, managing even the most mundane financial affairs can become wrought with time-consuming complexity; moving money, opening accounts, dealing with currency risks and translation, and setting up investments suddenly involves a whole new set of rules and regulations. Your 401(k), IRA, or annuity must be handled properly to retain certain tax benefits, and retirement planning takes on a brand new dimension of difficulty. This book shows you how to navigate the maze to make sure your money keeps working for you. Real world examples illustrate solutions to common problems, and real, actionable advice gives you a solid plan for your next steps. While personal finance management is rarely simple, the recent crackdown on tax havens and increased tax collection vigilance has made things even more difficult for cross border families. This book answers your questions, and shines a light on the way forward to long-term financial security for international families. Navigate the complexities of international taxation Get specific guidance on retirement planning Make sense of how real estate fits into your financial picture Invest appropriately to maximize growth for the future Manage your assets and tax benefits across borders With the right know-how, cross border professionals can make sensible investment and financial planning decisions, but credible guidance is rare and difficult to find. Simple and practical, with targeted advice, The Cross-Border Family Wealth Guide is the international family's solution for avoiding financial confusion.

**Share the Wealth!**-Jonathan Gauvin 2021-05-25 Canada is a rich country getting richer. But over the past 20 years, a huge portion of the country's wealth increase has gone to a small handful of the super-rich. Canada's one per cent have seen their share of Canada's wealth grow by almost six times since 1999 to \$2,203,000,000,000 USD today. Meanwhile, half of all Canadian families experience income insecurity and can't get the support they need from ever-shrinking public services. Canada's super-rich gained \$76 billion during the 12 months after COVID-19 hit. Canadians are ready for measures that would distribute wealth more fairly, and give governments the funds to pay for pharmacare, improve long-term care, take serious climate action, implement paid sick leave and more. But the Liberal government took no serious measures in its 2021 budget to tackle this issue. Policy experts Jonathan Gauvin and Angella MacEwen show exactly how Canada's wealth can be more fairly shared with measures that would impact only the one per cent: a wealth tax, higher taxes on the highest incomes, higher taxes on large corporations and higher taxes on big profits coming from capital gains. They also propose measures to shut down tax loopholes and tax havens and to tax web giants. This book shows how we can share the wealth so everyone will be better off — even the richest.

**Get Rich with Dividends**-Marc Lichtenfeld 2015-02-24 2016 Book of the Year award winner by the Institute for Financial Literacy "Set it and forget it" investing, with less risk and higher returns Get Rich with Dividends is the bestselling dividend-investing book that shows investors how to achieve double-digit returns using a time-tested conservative strategy. Written by a nineteen-year veteran of the equity markets, this invaluable guide shows you how to set up your investments for minimal maintenance and higher returns, so you can accumulate wealth while you focus on the things that matter. Using the author's proprietary 10-11-12 system, you'll learn how to generate the income you need on a quarterly or even monthly basis. You'll discover the keys to identifying stocks that will return twelve percent or more every year, and how to structure your investments for greater security and financial well being. This method is so easy to use, you'll want to teach it to your children early to set them up for financial independence and help them avoid the problems that plagued many investors over the past decade. Dividends are responsible for 44 percent of the S&P 500's returns over the last eighty years. They represent an excellent opportunity today, especially for investors who have been burned in recent meltdowns and are desperate for sensible and less risky ways to make their money grow. This book describes a framework that allows investors to reap higher returns with a low-to-no maintenance plan. Set up an investment system that requires little to no maintenance Achieve double-digit average annualized returns over the long term Focus on other things while your money works for you Increase returns even with below-average growth in share price Market risk is high and interest rates are low, making it a perfect time to get started on a more sensible wealth generation strategy. With expert guidance toward finding and investing in these unique but conservative and proven stocks, Get Rich with Dividends is the only book on dividend investing you'll ever need.
