The Social Democratic State The Swedish Model and The Bureaucratic Problem of Social Reforms

The Social Democratic State: To what extent does the Social Democratic model of governance and social policy remain intact in Sweden? How does the Social Democratic model respond to the challenges of globalization, Europeanization, and the rise of new social movements? This book explores the transformation of the Swedish social democratic state and the challenges it faces in the 21st century.

Social Democracy & Welfare Capitalism: Alexander M. Hirsch 1980 What has brought about the widespread public provision of welfare and income security within free-market liberal democracies? Some social scientists have argued that welfare states are parasitic on a plutocratic aristocracy, others that as a functional requirement of industrial society. Most recently, scholars have drawn the attention of center-left parties during the decades following World War II, the work of "new" post-industrial political actors, and a multi-directed and multi-directed significance of politics and state institutions established. Alexander Hirsch's Social Democratic Welfare is a major contribution to our understanding of the social democratic welfare state.

The Dunstan Decade: the Swedish Model and the Bureaucratic Problem of Social Reforms by Christopher Pierson 2020-05-01 This third and concluding volume of Just Property brings critical accounts of property transformation into the heart of contemporary political and economic thought. It examines the implications of this for property rights, property interests, and property law. The book is divided into five pairs of chapters located in five major ideological traditions of modernity: liberalism, libertarianism, social democracy, conservatism, and feminism. As before, the focus is on particular thinkers and their daring, puzzling, and sometimes perplexing approaches to property. The book concludes with a concluding chapter that returns to the project's opening questions about property and inequality and about property under the conditions of the twenty-first century.}

The social democratic party and the welfare state: Gosta Esping-Andersen 1976

Social Traps and the Problem of Trust: Roelf Bos 2005-11-26 A "social trap" is a situation where individuals, groups or organizations are unable to cooperate out of mutual distrust and lack of social capital, even where cooperation would be beneficial. Examples include civil war, persistent poverty, under-development and environmental degradation.

The New Politics of the Welfare State: Paul Pierson 2001-05-01 The welfare states of the affluent democracies now stand at the centre of political debate and social conflict. In these path-breaking essays, an international team of leading analysts dissect the implications of the welfare state's new political economy against a backdrop of several generations of political leaders and thinkers. The authors illustrate these important points with criticisms of their studies on the transactional history of social policy, religion and the welfare state. Nordic within the welfare state; and the welfare state and its critics. The book concludes with a concluding chapter that returns to the project's opening questions about property and inequality and about property under the conditions of the twenty-first century.

The Welfare State in Crisis: A Selected Bibliography

Inclusion: Tuomas Schieman 2003-01-30 Inequality is one of the central issues of our time, but there is still much to learn. Inclusion: Tuomas Schieman 2003-01-30 Inequality is one of the central issues of our time, but there is still much to learn.

The Neoliberal Revolution: David Brady 2013-06-18 This book examines the consequences of the neoliberal political-economic transformation of the 1980s and 1990s, and its implications for property rights, property interests, and property law. The book is divided into five pairs of chapters located in five major ideological traditions of modernity: liberalism, libertarianism, social democracy, conservatism, and feminism.
