MMMSKYSKRAPER I LOVE YOU: A TYPOGRAPHIC JOURNAL OF NEW YORK

MMMSKYSKRAPER I LOVE YOU (A TYPOGRAPHIC JOURNAL OF NEW YORK) - Alan Davis 2000

I AM DOGBY - Karl Hyde 2016-11-03 In 1999, Underworld's Karl Hyde began writing a public diary. Every day since then, Hyde has documented his thoughts, lyrical works-in-progress, poetry, and biographical essays alongside "found" visuals. For the last sixteen years, these entries have collectively created an on-going, utterly unique monologue on Underworld's website. "I Am Dogboy" handpicks a selection of diary entries and rearranges them to create an autobiographical narrative that takes Hyde from childhood through to the exploratory early years of Underworld, an electronic act who have been peerless for the last 25 years. Spliced throughout the narrative are standalone/abstract poetic pieces that offer occasional snapshots of life on the road and in the studio and give an insight into Hyde's singular style of lyric writing. The book is beautifully designed by John Warwicker Hyde's long time collaborator and co-founder of the Tomato collective. Karl Hyde and John Warwicker have previously published the typographic books "Mmmskyscraper I Love You" and "In The Belly of St Paul." 

MADE IN MANHATTAN - Lauren Layne 2022-01-18 From the New York Times bestselling author of the Central Park Pact comes a reverse My Fair Lady for the modern era about a pampered and privileged Manhattan socialite who must teach an unpolished and denim-loving nobody from the Louisiana Bayou how to fit in with the upper crust of New York City. Perfect for fans of Christina Lauren and Sally Thorne. Violet Townsend has always been a people pleaser. Raised in the privileged world of Upper East Side Manhattan, she always says the right things, wears the right clothes, and never rocks the boat. Violet would do anything for the people closest to her, especially her beloved grandmother. So when she asks Violet to teach the newly-discovered grandson of her friend how to fit in with New York City's elite, Violet immediately agrees. Her goal? To get Cain Stone ready to take his place as heir to his family company... but to say he's not exactly an eager student is an understatement. Born and raised in rural Louisiana and now making his way in New Orleans, Cain Stone is only playing along for the paycheck at the end. He has no use for the grandmother he didn't know existed and no patience for the uppity Violet's attempts to turn him into a suit-wearing, museum-attending gentleman. But somewhere amidst antagonistic dinner parties and tortured tux fittings, Cain and Violet come to a begrudging understanding—and the uptight Violet realizes she's not the only one doing the teaching. As she and Cain begin to find mutual respect for one another (and maybe even something more), Violet learns that blindly following society's rules doesn't lead to happiness...and that sometimes the best things in life come from the most unexpected places.

UNBREAK MY HEART - Nicole Jacquelyn 2016-06-07 A "heartbreaking, heartwarming" (Heidi McLaughlin, New York Times bestselling author) love story that asks the question: what do you do when your soul mate marries your best friend? After Rachel, pregnant with her fourth child, dies in a car accident and the baby miraculously survives, Kate upends her entire life to share parenting duties. Then on the first anniversary of Rachel's death, Kate and Shane take comfort in each other in a night that they both soon regret. Shane's been angry for a year, and now he feels guilty too - for sleeping with his wife's best friend and liking it... liking her. Kate's ability to read him like a book may have once sent Shane running, but their lives are forever entwined and they are growing closer. Now with Shane deployed for seven months, Kate is on her own and struggling with being a single parent. Shane is loving and supportive from thousands of miles away, but his homecoming brings a betrayal Kate never saw coming. Traveling Sprinkler—Nicholson Baker 2013-09-17 Paul Chowder, the poet protagonist of Nicholson Baker’s widely acclaimed novel The Anthologist, is turning fifty-five and missing his ex-girlfriend, Roz, rather desperately. As he approaches the dreaded birthday, Paul is uninspired by his usual artistic outlet (although he’s pleased that his poetry anthology, Only Rhyme, is selling “steadily”). Putting aside poetry in favor of music, and drawing on his classical bassoon training, Paul turns instead to his new acoustic guitar with one goal in mind: to learn songwriting. As he struggles to come to terms with the horror of America’s drone wars and Roz’s recent relationship with a local NPR radio host, Paul fills his days with Quaker meetings, Planet Fitness workouts, and some experiments with tobacco. Written in Baker’s beautifully unconventional prose, and scored with musical influences from Debussy to Tracy Chapman to Paul himself, Traveling Sprinkler is an enchanting, hilarious—and very necessary—novel by one of the most beloved and influential writers today.

Traveling Sprinkler Deluxe—Nicholson Baker 2013-09-17 This delightfully enhanced e-book edition includes Traveling Sprinkler: An Album, with twelve songs written, sung, and produced by Nicholson Baker. Paul Chowder, the poet protagonist of Baker’s widely acclaimed novel The Anthologist, is turning fifty-five and missing his ex-girlfriend, Roz, rather desperately. The Paul Chowder Chronicles—Nicholson Baker 2014-10-09 TOGETHER FOR THE FIRST TIME, BOTH OF NICHOLSON BAKER’S BRILLIANT NOVELS FEATURING BELOVED HERO AND POET PAUL CHOWDER A New York Times notable book and a national bestseller. Nicholson Baker’s The Anthologist introduces his quirkiest and most unforgettable protagonist yet, the “erudite, unpretentious, and often hilarious” (The New Yorker) Paul Chowder. Chowder really needs to write an introduction to his new anthology of verse, Only Rhyme—it’s the first work his editor has sent him in months—but he’s having a hard time getting started. Not only is his career floundering, but his girlfriend, Roz, just moved out. Perhaps unsurprisingly, Chowder can’t keep his mind from drifting to the sufferings of the great poets, from Tennyson and Yeats to Roethke, Merwin, to every poet who’s been published in The New Yorker. As he ponders the strange power and musicality of language, and adjusts to his newly single life, Chowder’s introduction slowly but surely begins to take shape. A wholly entertaining and beguiling love story, and the first novel in the chronicles of Paul Chowder—which is followed by Traveling Sprinkler in this same volume—The Anthologist is “a loving and superbly witty homage to poetryand to life” (The Boston Globe).

Superstar Djs Here We Go!—Dom Phillips 2009-03-05 "It was about larging it. It was about pulling out a wad of 20s when you were buying your champagne at the bar. It was about buying your cocaine in an eight ball. It was about wearing designer clothes. At that top tier of that club scene, it was about giving it loads." With a foreword by music journalist, Miranda Sawyer, Superstar Djs Here We Go! is the full, unexpurgated story of the biggest pop culture phenomenon of the 1990s: the rise and fall of the superstar DJ. During the 1990s big names such as Sasha, Jeremy Healy, Fatboy Slim, Dave Seaman, Nicky Holloway, Judge Jules, and Pete Tong exploded out of acid house, becoming international jetsetters, flying all over the world just to play a few hours and commanding up to £140,000 a night. The plush, heavily branded ‘superclubs’ where they performed - clubs like Cream, Ministry, Renaissance and Gatecrasher - were filled with thousands of adoring clubbers, roaring their approval of their DJ gods. For the DJs and promoters, it was a licence to print money and live like a rock star. For clubbers, it was a hedonistic utopia where anyone and everyone could come together to look fabulous, take drugs, and dance the night away. But underneath the shiny surface lurked a darker side, a world of cynical moneymaking, rampant egos and cocaine-fuelled self-indulgence that eventually spiralled out of control leaving behind burnt-out DJs, jobless promoters and a host of bittersweet memories. They went from having the clubbing world at their feet to the world’s biggest comedown. Dom Phillips - former editor of clubbers’ bible Mixmag - reveals an enthralling and at times jaw-dropping account of flawed people, broken dreams and what

Fatherland—Simon Stephens 2018-08-03 Fatherland is a bold, ambitious show about contemporary fatherhood in all its complexities and contradictions. Created by Frantic Assembly's Scott Graham, Karl Hyde from Underworld and playwright Simon Stephens (Punk Rock, The Curious Incident of the Dog in the Night-Time), this daring collage of words, music and movement confronts the complexities and contradictions of contemporary fatherhood. A vivid, urgent and deeply personal portrait of 21st-century England at the crossroads of past, present and future, the play is inspired by conversations with fathers and sons from the writers' home towns in the heart of the country. Tender and tough, honest and true, Fatherland is a vital and necessary show about what we were, who we are and what we'd like to become. The world premiere of Fatherland took place at the Royal Exchange Theatre, Manchester on 5 July 2017 as part of Manchester International Festival. This is a revised version of the original text which coincides with performances in London at the Lyric Hammersmith as part of LIFT 2018.

Cartwheel—Jennifer duBois 2013-09-24 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Slate • Cosmopolitan • Salon • BuzzFeed • BookPage Written with the riveting storytelling of authors like Emma Donoghue, Adam Johnson, Ann Patchett, and Curtis Sittenfeld, Cartwheel is a suspenseful and haunting novel of an American foreign exchange student arrested for murder, and a father trying to hold his family together. When Lily Hayes arrives in Buenos Aires for her semester abroad, she is enchanted by everything she encounters: the colorful buildings, the street food, the handsome, elusive man next door. Her studious roommate Katy is a bit of a bore, but Lily didn't come to Argentina to hang out with other Americans. Five weeks later, Katy is found brutally murdered in their shared home, and Lily is the prime suspect. But who is Lily Hayes? It depends on who's asking. As the case takes shape—revealing deceptions, secrets, and suspicious DNA—Lily appears alternately sinister and guileless through the eyes of those around her: the media, her family, the man who loves her and the man who seeks her conviction. With mordant wit and keen emotional insight, Cartwheel offers a prismatic investigation of the ways we decide what to see—and to believe—in one another and ourselves. In Cartwheel, duBois delivers a novel of propulsive psychological suspense and rare moral nuance. No two readers will agree who Lily is and what happened to her roommate. Cartwheel will keep you guessing until the final page, and its questions about how well we really know ourselves will linger well beyond. WINNER OF THE HOUSTON POLITICAL BOOK AWARD • Look for special features inside. Join the Random House Reader's Circle for author chats and more. "A smart, literary thriller [for] fans of Gillian Flynn's Gone Girl."—The Huffington Post "Psychologically astute . . . DuBois hits [the] larger sadness just right and dispenses with all the salacious details you can readily find elsewhere. . . . The writing in Cartwheel is a pleasure—electric, fine-tuned, intelligent, conflicted. The novel is engrossing, and its portrayal hits delightfully and necessarily close to home."—The New York Times Book Review (Editor's Choice) "Marvelous . . . a gripping tale . . . Every sentence crackles with wit and vision. Every page casts a spell."—Maggie Shipstead, author of Seating Arrangements "[You'll] break your own record of pages read per minute as you tear through this book."—Marie Claire "A convincing, compelling tale . . . The story plays out in all its well-told complexity."—New York Daily News "[A] gripping, gorgeously written novel. . . . The emotional intelligence in Cartwheel is so sharp it's almost ruthless—a tabloid tragedy elevated to high art. [Grade:] A"—Entertainment Weekly "Sure-footed and psychologically calibrated . . . Reviewers of duBois's first novel, A Partial History of Lost Causes, called it brainy and beautiful, a verdict that fits this successor. . . . As the pages fly, the reader hardly notices that duBois has stretched the genre of the criminal procedural."—Newday "The power of Cartwheel resides in duBois' talent for understanding how the foreign world can illuminate the most deeply held secrets we keep from others, and ourselves."

The Great Hibernation-Tara Dairman 2017-09-12 What would happen if every grown-up in town fell asleep and the kids were left in charge? A great pick for fans of A Tangle of Knots by Lisa Graff and Greenglass House by Kate Milford or any reader seeking a quirky mystery with a big helping of silliness. The most important tradition in tiny St. Polonius is the annual Tasting of the Sacred Bear Liver. Each citizen over twelve must eat one bite of liver to prevent the recurrence of the Great Hibernation, when the town founders fell asleep for months. This year is Jean Huddy's first time to taste the liver. It doesn't go well. A few hours later, all the adults fall into a sleep from which they cannot be woken, and the kids are left to run things. At first, they have a blast. But then the town bullies take over the mayor's office and the police force, and pretty soon Jean begins to suspect that this "hibernation" was actually engineered by someone in town. Courage, teamwork, and scientific smarts unlock an unusual mystery in this delightful and funny story about one girl who inspires the kids around her to join together to save their home. Thing Explainer-Randall Munroe 2015-11-24 From the No. 1 bestselling author of What If? - the man who created xkcd and explained the laws of science with cartoons - comes a series of brilliantly simple diagrams ('blueprints' if you want to be complicated about it) that show how important things work: from the nuclear bomb to the biro. It's good to know what the parts of a thing are called, but it's much more interesting to know what they do. Richard Feynman once said that if you can't explain something to a first-year student, you don't really get it. In Thing Explainer, Randall Munroe takes a quantum leap past this: he explains things using only drawings and a vocabulary of just our 1,000 (or the ten hundred) most common words. Many of the things we use every day - like our food-heating radio boxes ('microwaves'), our very tall roads ('bridges'), and our computer rooms ('datacentres') - are strange to us. So are the other worlds around our sun (the solar system), the big flat rocks we live on (tectonic plates), and even the stuff inside us (cells). Where do these things come from? How do they work? What do they look like if you open them up? And what would happen if we heated them up, cooled them down, pointed them in a different direction, or pressed this button? In Thing Explainer, Munroe gives us the answers to these questions and many, many more. Funny, interesting, and always understandable, this book is for anyone -- age 5 to 105 -- who has ever wondered how things work, and why.

Cruelty and Utopia-Jean-François Lejeune 2005-02-03 This landmark collection of illustrated essays explores the vastly underappreciated history of America's other cities -- the great metropolises found south of our borders in Central and South America. Buenos Aires, Sao Paulo, Mexico City, Caracas, Havana, Santiago, Rio, Tijuana, and Quito are just some of the subjects of this diverse collection. How have desires to create modern societies shaped these cities, leading to both architectural masterworks (by the likes of Luis Barragn, Juan O'Gorman, Lcio Costa, Roberto Burle Marx, Carlos Ral Villanueva, and Lina Bo Bardi) and the most shocking favelas? How have they grappled with concepts of national identity, their colonial history, and the continued demands of a globalized economy? Lavishly illustrated, Cruelty and Utopia features the work of such leading scholars as Carlos Fuentes, Edward Burian, Lauro Cavalcanti, Fernando Oayrn, Roberto Segre, and Eduardo Subirats, along with artwork ranging from colonial paintings to stills from Chantal Akerman's film From the Other Side. Also included is a revised translation of Spanish King Philip II's influential planning treatise of 1573, the "Laws of the Indies," which did so much to define the form of the Latin American city.
