Censorship And Intellectual Freedom A Survey Of School Librarians Attitudes And Moral Reasoning

The Limits of Tolerance - Ann Curry 1997 The library controls access to information by the very act of selecting materials, and must, therefore, deal with censorship on a basic level. The author has surveyed a response group of practicing librarians with questions that target some of the toughest questions librarians ever face. Curry's analysis focuses on the factors—personal beliefs, professional ethics, political pressures—that influence responses.

The Freedom to Read - American Library Association 1953

Censorship and Intellectual Freedom - 1993

A History of ALA Policy on Intellectual Freedom - Office for Intellectual Freedom (OIF) 2015-07-01 Collecting several key documents and policy statements, this supplement to
the ninth edition of the Intellectual Freedom Manual traces a history of ALA’s commitment to fighting censorship. An introductory essay by Judith Krug and Candace Morgan, updated by OIF Director Barbara Jones, sketches out an overview of ALA policy on intellectual freedom. An important resource, this volume includes documents which discuss such foundational issues as The Library Bill of Rights, Protecting the freedom to read, ALA’s Code of Ethics, How to respond to challenges and concerns about library resources, Minors and internet activity, Meeting rooms, bulletin boards, and exhibits, Copyright, Privacy, including the retention of library usage records.

**Censorship and Intellectual Freedom** - Frances Beck McDonald 1993 Continuing the line of research dealing with the attitudes of professional librarians toward intellectual freedom, this study reaffirms the gap between professional beliefs and practices. In addition to looking at demographic variables and personal characteristics, this study of secondary school librarians examines the relationship between moral reasoning and attitudes toward intellectual freedom and censorship. The findings verify previous studies, provide additional information and add to the emerging picture of characteristics of librarians that contribute to upholding the principles of their profession. An overview of intellectual freedom and censorship research and relevant moral development research are included. The book is indexed. Intellectual freedom activists will find data to support their efforts to explain the discrepancy between professional values and professional behavior. Library
educators will be challenged to examine their freedom of access curriculum and their teaching methods. Researchers will be pointed to the needed next stage of intellectual freedom research. Librarians and other educators will find insights into the conflict between their belief in the "Library Bill of Rights" and "Freedom to Read" documents and self-censorship and other restrictive practices in school libraries.

**Beyond Banned Books**-Kristin Pekoll 2019-05-01 This resource from Pekoll, Assistant Director of the American Library Association's Office for Intellectual Freedom (OIF), uses specific case studies to offer practical guidance on safeguarding intellectual freedom related to library displays, programming, and other librarian-created content.

**Intellectual Freedom and Censorship**-Frank W. Hoffmann 1989 'Succinct annotations...clear research strategies... Surprisingly for a bibliography, the book as a whole gives a very clear picture of the intellectual freedom issues that provide Americans...Its use in library school curricula would be of great benefit to our profession.'--JOYS

Librarians Censorship and Intellectual Freedom- 1972

Censorship and the American Library-Louise S. Robbins
1996 By placing its professional expertise in the service of maintaining the democratic values of free expression and pluralism, American librarianship not only defended its professional autonomy in the area of book selection, but also developed an ideology of intellectual freedom and claimed its defense as a central jurisdiction. Through extensive use of primary source material, this volume charts the library profession's journey from the adoption of the 1939 Library's Bill of Rights to the 1969 development of the Freedom to Read Foundation. The book argues that the ALA was reluctant to fund support for intellectual freedom, and that the ALA's executive board was extremely cautious and seldom took leadership in intellectual freedom matters.
Communism for Kids - Bini Adamczak 2017-03-24

Communism, capitalism, work, crisis, and the market, described in simple storybook terms and illustrated by drawings of adorable little revolutionaries. Once upon a time, people yearned to be free of the misery of capitalism. How could their dreams come true? This little book proposes a different kind of communism, one that is true to its ideals and free from authoritarianism. Offering relief for many who have been numbed by Marxist exegesis and given headaches by the earnest pompousness of socialist politics, it presents political theory in the simple terms of a children's story, accompanied by illustrations of lovable little revolutionaries experiencing their political awakening. It all unfolds like a story, with jealous princesses, fancy swords, displaced peasants, mean bosses, and tired workers—not to mention a Ouija board, a talking chair, and a big pot called “the state.” Before they know it, readers are learning about the economic history of feudalism, class struggles in capitalism, different ideas of communism, and more. Finally, competition between two factories leads to a crisis that the workers attempt to solve in six different ways (most of them borrowed from historic models of communist or socialist change). Each attempt fails, since true communism is not so easy after all. But it's also not that hard. At last, the people take everything into their own hands and decide for themselves how to continue. Happy ending? Only the future will tell. With an epilogue that goes deeper into the theoretical issues behind the story, this book is perfect for all ages and all who desire a better world.
The newest edition of the Intellectual Freedom Manual is more than simply an update of a foundational text that has served as a crucial resource for more than four decades. It is a living document that serves as the authoritative reference for day-to-day guidance on maintaining free and equal access to information for all people. Whether you're developing or revising policies, on-boarding new staff or trustees, responding to challenges and controversies, or studying librarianship, you’ll find this an indispensable resource, with features such as: - ALA policy statements, approved by committees and Council, articulating core intellectual freedom principles and best practices; - 8 new interpretations of the Library Bill of Rights, which address urgent issues like internet filtering, public performances, political activity, religion, and equity, diversity, and inclusion; - "Issues at a Glance" sidebars which present key concepts, points of law, tips, and questions for reflection; - expanded content about developing library policies that support intellectual freedom; - updated information on censorship of library programs, displays, and databases; - “Advocacy and Assistance,” a section offering concrete guidance when you’re called on to talk to the media or meet with legislators; - Deeper Look essays which examine the laws related to library operations; - advice on when to call the police, when not to, and how to handle personally identifiable information when they arrive; and - an expanded glossary. Using a topical arrangement
with easy-to-read summaries to help readers find information quickly, this manual offers valuable support to library workers as they continue the important work of safeguarding intellectual freedom.

**Scales on Censorship**-Pat R. Scales 2015-04-14 Scales on Censorship: Real Life Lessons from School Library Journal contains Pat R. Scales collected columns, all written in response to active book challenges or questions of intellectual freedom and library ethics. These columns have a ripped from the headlines immediacy even as they reflect the core values and policies of librarianship. They are organized by topic and each is framed with a brief new introductory essay. Scales’ powerful reputation and practical ethically-based solutions has made her a key spokesperson and support for librarians working under a censorship siege.

**Bad Kitty for President**-Nick Bruel 2012-01-17 The votes are in--it's a Bad Kitty landslide! It's time to elect a new president of the Neighborhood Cat Coalition! Who will win the election? The candidate chosen by the kitties on the right side of the street or the candidate chosen by the kitties on the left side of the street? When election time rolls around, one candidate (guess who?) will discover that she never bothered to register to vote and the entire election will be decided by a surprise, last minute absentee ballot sent by Old Kitty.

Public Library Collections in the Balance: Censorship, Inclusivity, and Truth- Jennifer Downey 2017-07-25 A fascinating and informative read for librarians, library staff, and MLIS students, this book offers practical information and professional guidelines to examine current issues in censorship and libraries while also enabling readers to consider their own opinions about intellectual freedom and censorship. • Helps librarians and students better understand the intellectual freedom issues and controversies most common to public libraries and put them into the context of real-world situations • Challenges readers to examine their professional and personal feelings on controversial topics fairly and thoughtfully, with the intent of evolving the library profession • Offers a big-picture approach covering the many facets of censorship (including the seldom-discussed issue of self-censorship) and presents information on alternative review sources and publishers in order to develop well-balanced collections • Serves as a continuing education source on a rarely discussed but often-encountered topic

Intellectual Freedom and Censorship Q and A - 1995

George (Scholastic Gold) - Alex Gino 2015-08-25 A bright, bold debut about a girl who happens to have been born a boy, but refuses to let that stand in the way of her dream. George joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! When people look at Melissa, they think they see a boy named George. But she knows she's not a boy. She knows she's a girl. Melissa thinks she’ll have to keep this a secret forever. Then her teacher announces that their class play is going to be Charlotte's Web. Melissa really, really, REALLY wants to play Charlotte. But the teacher says she can't even try out for the part... because she's a boy. With the help of her best friend, Kelly, Melissa comes up with a plan. Not just so she can be Charlotte -- but so everyone can know who she is, once and for all.

Book Banning in 21st-Century America - Emily J. M. Knox 2015-01-16 Book Banning in 21st Century America, based on thirteen contemporary book challenge cases in schools and public libraries across the United States argues that
understanding contemporary reading practices, especially interpretive strategies, is vital to understanding why people attempt to censor books in schools and public libraries.

**Librarians, Censorship and Intellectual Freedom** - James A. Harvey 1970
The Library Juice Press Handbook of Intellectual Freedom - Mark Alfino 2014 "Provides a grounding in the philosophical, historical, and legal development of the concept of intellectual freedom by providing current thinking on a range of intellectual freedom concepts, cases, and controversies"--

Practicing Intellectual Freedom in Libraries - Shannon M. Oltmann 2019-08-31 All librarians and library and information science scholars can benefit from learning more about intellectual freedom. This book relies on research and practical real-world scenarios to conceptualize and contextualize it. • Learn to apply intellectual freedom to your librarianship • Develop a deeper understanding of the legal and theoretical bases for intellectual freedom in the United States • Understand the theoretical and empirical foundations of intellectual freedom • Grasp how an institution's community affects the interpretation and application of intellectual freedom

Books Under Fire - Pat R. Scales 2021-04-22 Featuring a timely and diverse cross-section of frequently targeted titles, complete with many quotes and comments from authors whose works have been challenged, this book will be an important tool for library managers, children's and YA librarians, and teachers.

Defending Intellectual Freedom - Eli M. Oboler 1980

Intellectual Freedom Manual, Ninth Edition - Trina Magi 2015 Since it was established in 1967, ALA’s Office for Intellectual Freedom (OIF) has championed the rights of library users to seek and receive information on all subjects from all points of view without restriction and without having the subject of one's interest examined or scrutinized by others. The new edition of the Intellectual Freedom Manual is more than just an invaluable compendium of guiding principles and policies. It’s also an indispensable resource for day-to-day guidance on maintaining free and equal access to information for all people. Fortifying and emboldening professionals and students from across the
library spectrum, this manual includes 34 ALA policy statements and documents, 17 new or updated for this edition, addressing patron behavior, internet use, copyright, exhibits, use of meeting spaces, and other common concerns. At-a-glance lists summarizing key issues such as access, challenges and censorship, access by minors to controversial materials, and advocacy. Explanations of legal points in clear, easy-to-understand language, alongside case citations. Numerous checklists to help readers stay organized. A glossary and selected bibliography. This must-have tool will help librarians ensure that institutions of all kinds remain beacons of intellectual freedom.
