Readers Into the Sultan: Timur Baskakov 2013 Readers Into the Sultan reevaluates the way we think about Ottoman administration of non-Muslims, and seeks to avoid false impressions ranging from oppression and intolerance to equally false impressions of peaceful coexistence and harmony. By reading Greek Orthodox subjects into the Ottoman social and economic context, this volume challenges the received wisdom of the Ottoman Miller System, and fills the void by offering an alternative account of Ottoman administration that are more in line with Ottoman methods of conquest and rule.

Historical Dictionary of the Ottoman Empire Edith Alkin Semel 2003-02-13 Here you will find an in-depth treatment covering the political, social, and economic history of the Ottoman Empire, the last member of the lineage of the Near Eastern and Mediterranean empires and the only one that reached the modern times both in terms of internal structure and world history.

Imperial Unknowns Corneli Zvetkova 2016-09-30 At the intersection of the history of knowledge and science, of European trade empires and the Mediterranean, this major new empirical study presents a new method for understanding the history of ignorance across politics, religion, history and science during the early Enlightenment.

Imperial Rule-Abdul T. Miller 2006-04-01 Annotation Rewarded academices compare major features of imperial rule in the 19th century, reflecting a significant shift away from nationalism and toward empires in the studies of state building. National historical narratives have systematically marginalized imperial dimensions, yet empire plays an important role. This book examines the methods described in the creation of the Sublime Monarchy, the Ottoman rule, the Hohenzollerns and Imperial Russia; thereby it responds to the current interest in empires.

A Comparative Glossary of Cypriot Maronite Arabic (Arabic-English) Alexander Borg 2004-10-11 Cypriot Arabic, is an unwritten language and mother tongue of several hundred bilingual (Arabic-Cypriot) Maronite Christians in Cyprus. In this book many Cypriot Arabic terms are cited with illustrative examples and ethnographic commentary where relevant. It is primarily intended for orientalists and linguists specializing in comparative Semitic and Arabic dialectology.

Stuarts and Romanovs Paul Dukes 2019-07-29

Religion, Culture and Society in Early Modern Britain Anthony Pletcher 2005-11-02 Seventeen distinguished historians of early modern Britain pay tribute to an outstanding scholar and teacher, presenting reviews of major areas of debate.

Europe: Geo-Georg Ziegler 2006 Religion is back on the agenda. Western societies are searching for an adequate understanding of religion. Media now religion as a resource of significance in modern societies, but also as a source of tension and conflict. Politics is testing how to manage religious pluralism. Education is developing concepts of interreligious dialogue in order to promote a better multicultural understanding. The book discusses if the concept post-secularity allows a suitable understanding of the public presence of religion.

Sailing from Byzantium Colin Wells 2006 The work of flower and herbman, Poio and Antioch, Joggiye and Jesuit, it would never have survived. Yet very few of us have any idea of the enormous debt we owe them. The story of Byzantium is a multi-dimensional adventure of electrifying ideas, high drama, colorful characters, and inspiring quests of discovery. Sailing from Byzantium, Colin Wells tells of the mariners, mystics, philosophers, and artists who at great risk and often at peril of their own lives spread Greek ideas to the Islamic, the Arabs, and the Slavs. Their heroic efforts inspired the Renaissance, the golden age of Islamic learning, and Russian Orthodox Christianity, which came complete with a new alphabet, architecture, and some of the world’s greatest artistic traditions. The story’s central reference point is an unsigned epistle called the Hierarchikon controversy that gifted humanists scholars led by the brilliant, acerbic, intellectual Barbara de’Montefeltro, among others, who denounced “pagan” innovations in favor of Christian mysticism. Within a few decades, the light of Byzantium would be extinguished forever by the invading Turks, but not before the humanists found a safe haven for Greek literature. The controversy of rationalism versus faith would continue to be argued by some of history’s greatest minds. Fact-paced, compellingly readable, and filled with fascinating insights, Sailing from Byzantium is one of the great historical dramas the gripping story of how the flames of civilization were saved and passed on.

Transformations of Late Antiquity: Milena Popovska 2016-12-05 This book focuses on a simple-dynamic: the taking in hand of a heritage, the variety of changes induced within it, and the handing on of that legacy to new generations. Our contributors suggest, from different standpoints, that this dynamic represented the essence of late antiquity. As Roman society, and the societies by which it was immediately preceded, continued to develop, through the late sixth and early seventeenth centuries, the interplay between what needed to be treasured and what needed to be explored increased. In the process, it was the more flexible, and least rigid, ideas that were retained and transmitted, and the more rigid, and least flexible, ideas that were lost.

The History of the Long Legipty and Adventures of Thomas Pellus, in South-Barbary; Thomas Pellus 1715* The History of the Jews from the Babylonian Captivity to the Present Time Matthew A. Berk 1830 The Greeks and Their Hertage Arnold Toynbee 1891 Daimon and compare how each succeeding Greek civilization, Helladic, Mycenaen, Hellenic, Byzantine, and modern, has looked at its predecessor

Christian-Muslim Relations: A Bibliographical History. Volume 3 (1850-1200) 2013-03-21 Christian-Muslim Relations, a Bibliographical History 3 (CMR3) is a history of all the works on Christian-Muslim relations from 1850 to 1200. It contains introductory essays and over one hundred entries containing descriptions, assessments and comprehensive bibliographical details of individual works.

Infamy and Revolt Dan Z. Kostarides 2006 Historians have long specialized on the role played by the Enlightenment in the rise of nationalism in Eastern Europe and the Balkans. The present volume offers a new perspective on this subject through an examination of the Greek Enlightenment, its acquisitions, and its relationship to the larger European Republic of Letters. Scholars of seventeenth- and eighteenth-century Europe will gain access to these pages to read and in some cases never before translated works from the time period; works that offer fresh and reaching insights into the nature, origin and development of nationalistic movements.
